BRAZILIAN REVOLT IS BREAKING DOWN

RIVAL FORCES FRATERNIZING AT THE FRONT.

IS PURELY MILITARY

Not Supported by Civilian Population —Reports of Big Battles Are False, Message Says.

On Board the Panama, en route to Rio de Janeiro, July 22.—The Brazilian revolt days are numbered and the movement, purely military, is breaking down so rapidly the soldiers and officers of the rival forces are fraternizing on the so-called battle lines, according to reports reaching this ship by radio.

Reports of big battles at Sao Paulo are false, the message says.

Rebel airplanes, however, flew over Santos yesterday dropping pamphlets and circulars agitating their cause. Some of these fell on a Brazilian warship. The president of the Sao Paulo states, who fled in the early days of the revolt, has taken refuge on a warship.

The federals and rebels are unable to distinguish each other as they all wear identical uniforms.

While the revolt is merely a military movement and has no support among the civilians, it takes on some seriousness from the fact that one in every twenty of the population wears a military uniform.

Cinders are to Be Laid on Depot Street

Portion Between First and Third Streets Being Drained Today in Preparation for Improvement.

Depot street, immediately west of the Burlington railroad tracks, between First and Third streets, is being drained today in preparation to improvement by the city in co-operation with the Burlington railroad.

The two blocks on Depot street will be covered by cinders, furnished by the Burlington and this work will be started about the first of next week. The work of improving this thoroughfare is being done under the direction of the city.

This road, which connects the ends of the paved streets, First and Third streets, has been in poor condition a great portion of the summer due to the continual rain. A pipe culvert in the road, put in recently, has clogged up and is being cleaned out today to enable better drainage.

Hughes Gives Policy of U. S. on Reparations

Secretary's Speech Before Society In London Is Sanctioned By White House Today.

Washington, July 22.—The speech of Secretary Hughes in London before the Pilgrims Society, relative to the American attitude on the reparations situation and the Dawes' plan may be regarded as a formal statement of policy of the United States government, it was stated at the White House today in behalf of President Coolidge.

Steak Fry to Be Well Attended

The committee selling tickets for the Chamber of Commerce steak fry to be held at the Ernest Wray farm, northeast of Maryville, Thursday evening, have reported good success today.

The school districts and community clubs, members of the Chamber of Commerce, have also been solicited and it is expected that a great many from these organizations will attend the dinner Thursday evening.

Large Book Sign Is Moved Further North

The large book sign five miles south of Maryville was moved up on the new state road, now under construction, and is now only a mile and a half south of Maryville. This sign was blown down a few days ago during a wind storm. It will be repainted by a force of men in about ten days and a revised history will be put on the sign.

Miss Doris Callahan of Kidder, Mo., is a guest at the home of Mr. and Mrs. George P. Sillers on West Third street, arriving in Maryville Saturday night.

Convention Delegates to Speak at Meeting

Social Science Club of State Teachers College In Open Session Tomorrow Night.

George R. Ellison and W. C. Pierce will be on the program of the State Teachers College Social Science club meeting which will be held at 8 o'clock tomorrow night on the lawn at the home of President Uel W. Lamkin. Mr. Ellison will tell about the convention at New York and Mr. Pierce of the one at Cleveland. Each will tell what he regards to be worth while from his experiences at his respective national convention.

Although this is a meeting of the club the public is invited. In speaking of the matter this morning Henry A. Foster, faculty advisor of the club, said, "We would like to have the townspeople attend this meeting. The subject will be one of importance and interest to all. Our only wish is that they come on time so as not to disturb the speaking."

Three Men Injured When Hit by Train

Ralph Ripley, Southeast of Graham, Suffers Concussion of Brain and Severe Scalp Wounds.

Three men were painfully injured shortly after 8 o'clock last night when a motor car in which they were driving was struck at a grade crossing by a Burlington train, near Fortescue, Mo. Jesse Pearson, twenty years old, of Fortescue, has a fracture of the left leg, and Byron Miller, twenty-five years old, of Fillmore, Mo., and Ralph Ripley, twenty-three years old, of Graham, Mo., suffered concussions of the brain and scalp wounds. The injured were brought to St. Joseph and admitted to Missouri Methodist Hospital, where they were attended by Dr. W. F. Schmidt, who says they will recover.

Fortescue is thirty-eight miles north of St. Joseph, in Holt County.—St. Joseph News-Press.

Ralph Ripley is the son of Mr. and Mrs. Ed Ripley, southeast of Graham.

DRAFT PLANS OF DAVIS' CAMPAIGN

NATION DEMOCRATIC "BOARD OF STRATEGY" MEETS TODAY.

CROSS---COUNTRY TOUR

Will Probably Be Decided on for Mr. Davis—Clem L. Shaver Comes Into His Own.

Washington, July 22.—The Democratic party's national "board of strategy" met today to draft battle plans for the John W. Davis presidential campaign.

The organization of a speakers' bureau, drafting of tentative speaking schedules for some of the party's best known orators and the selection of headquarters personnel were matters under discussion.

It was virtually decided that Mr. Davis should be sent on a cross-country speaking tour to include Pacific coast states. The nominee undoubtedly will make a hundred or more speeches.

Clem L. Shaver of West Virginia, the 'original "Davis-for-President' man, came into his own today. Cordell Hull, retiring Democratic chairman, turned over the national headquarters to Shaver, although the leader will not be elected to the chairmanship until August 11. From now on, however, Shaver will direct the national committee.

The Democratic campaign will be fought from Washington, although campaign headquarters will be established in New York and Chicago.

Funeral services for Mrs. Pace were held Friday afternoon. Mrs. Farrar was accompanied home by her sister, Mrs. M. E. Perrin of Wayne, Neb., for a visit.

Returns From Fishing Trip.

William Edwards returned Saturday morning from a week's fishing trip at the lakes in Minnesota. With Lapier Williams and A. C. Fasenmyer of Kansas City, Kan., Mr. Edwards visited Green Lake, Lake George, Norway Lake and Spicer, Minn. En route home they stopped at Lake Okoboji, Ia.

C. H. Leete and daughter, Winifred, left this morning for their home in Liberal, Kan., after a visit at the home of Mr. and Mrs. F. A. Bush. Mr. Leete arrived in Maryville yesterday and his daughter has been a guest at the Bush home since early in June. She is a niece of Mr. Bush.

William Bowman, living five miles northwest of Burlington Junction, was taken to the St. Francis hospital today for treatment.

Mrs. Harry Lyle and son, Harry Mason, visited in Skidmore today at her sister's home, Mrs. H. D. Mitchell.

Mrs. J. C. Robison returned last night from a two weeks' visit with relatives in Lincoln, Neb., and Ottumwa, Ia.

Late Telegraph News

Kansas City, July 22.—The Kansas City Speedway will be sold free and clear of all incumbrances, it was determined this week at a meeting of creditors in bankruptcy court. About twenty-five creditors, representing $200,000 in claims, were present at the call of Elmer N. Powell, referee in bankruptcy.

It was agreed the property at Ninety-fourth and Holmes streets should be sold. It will be sold free of all liabilities it was finally decided.

There is a first mortgage of $74,500 and the second mortgage is secured by a bond issue of $400,000, of which more than $300,000 has been issued Most of the bonds were used to pay debts against the property.

State taxes have not been paid since October, although holders of the first mortgage on the land have been willing to pay. The county officials declined to separate the land from the improvements.

Topeka, Kansas, July 22.—The cautious man has been found who takes all honors.

The bureau of vital statistics in the state board of health office found the person this week.

A letter received from a man in Montgomery county, Independence is the city said:

"I'm going to get married and want to be sure my intended wife's first husband is dead. Please send me a copy of his death certificate."

The man was informed that a fee of 50 cents would be required and the man sent the money at once. He enclosed a note saying "it is worth the price."

LAFOLLETTE IS OUT AFTER LABOR VOTE

FIVE MILLION PERSONS NOW IN UNIONS.

JOHNSON TO BOLT TOO?

Report That Californian May Join Third Party Ranks Is Received With Great Joy.

Washington, July 22.—Strenuous efforts were launched in the La-Follette-Wheeler campaign today to get the labor vote behind the progressive ticket this fall.

William H. Johnston, chairman of the conference for progressive political action and one of LaFollette's most trusted lieutenants, announced he would go to Atlantic City on August 1 to attend the meeting of the executive council of the federation when the question of endorsing presidential candidates will be settled.

Labor organizations now represent a total vote of at least five million persons, progressive party leaders said today.

Great joy was manifest at the headquarters here when a report, although unconfirmed, was received stating that Senator Hiram Johnson, Republican of California, was considering the possibility of bolting his party to join the LaFollette group.

With Johnson in line, leaders at the LaFollette headquarters said California could safely be counted in the progressive column.

Electric Lights Fail; "Boomerang" Not Given

Faithful Audience Waits for More Than Hour for Lights to Come on —Will Be Presented Tonight.

A faithful audience waited for more than an hour last night at the College auditorium for the electric lights to come on in anticipation of the initial presentation of the three-act comedy "The Boomerang" by College talent under the auspices of the Newman Club. The patience of the audience, however, was in vain, as at 9:45 o'clock, William Mapel, director of the play, announced that electricians had as yet been unable to discover the trouble and as it took two and a half hours for the production of the "Boomerang" it would be useless to attempt to present the play that evening.

Those that were at the auditorium were given tickets for tonight's production, as Mr. Mapel stated he would endeavor to present the comedy tonight, even if it was necessary to do so with candle light.

The electric lights went out at a most inopportune time, just as the stage manager was giving the sign for the curtains to be opened for the first act of the play. Those in charge of the production got into communication with the Electric Light Plant and were promised immediate attention and it was thought the wire trouble could be remedied soon. Meanwhile members of the cast and orchestra entertained the audience with impromptu songs and selections.

Tickets for the production tonight may be reserved at Kuchs Bros. Jewelry store.

Light service was not furnished the College until noon today. After many hours of investigation it was determined that the lights were cut off by a shortage in one of the lines from the transformer to the building. It took some time to discover the place where the circuit was shorted and then it was necessary to run new wire from the transformer to the place where the trouble lay.

Miss Edith A. Barnard, dean of women at the College, by a special dispensation today ruled that State Teacher College girls who attended the effort at a production last night will be allowed to attend the actual production tonight without breaking the rule of dates that says that only one mid-week date may be had.

The comedy will commence without fail at 8:15 o'clock this evening.

Class Thanks C. of C. for Cars Furnished

Transportation Committee Has Rendered Real Service To Organizations, Brownfield Said Today.

The class at the College in rural school management, under the direction of F. A. Thompson, has sent a resolution of thanks to the Maryville Chamber of Commerce for the transportation furnished to the Martha Washington School on July 16 to study the building and school grounds there. The resolution was signed by Mr. Thompson and forty-three students of the class.

John Sewell is the chairman of the transportation committee furnishing cars for certain occasions. The other members of the committee are Earl Barmann, George McMurry and L. L. Clary. This committee has been of great service to a number of organizations, L. H. Brownfield said this morning. Through the work of this group of men, a number of automobiles have been furnished for community meetings and trips throughout the county.

U. S. WOULD HELP IN DAWES SOLUTION

BANKERS WOULD BE FULLY PROTECTED.

UP TO FINANCIERS NOW

They Do Not Consider That Committee Gives Them Enough Security for $200,000,000 Loan.

London, July 22.—America and Belgium stood shoulder to shoulder this afternoon in an effort to bring the allied conference on the Dawes plan back to the road of success by making objections of international bankers to the agreement reached on the question of sanctions and default.

Frank B. Kellogg, American ambassador to England, and Premier Theunis of Belgium offered the proposal that the reparations commission before declaring Germany in default should consult the bankers group before taking such action as would jeopardize the 200 million dollar, loan.

London, July 22.—The veto of the bankers of the world apparently rested today on the agreement reached yesterday by the allied conference on the question of sanctions and default under the Dawes plan.

Indications were that an effort would be made to meet the objections of the bankers who consider they hold the key to the restoration of Germany in the form of a 200 million dollar loan, and they must be satisfied before the Dawes plan can be put into operation.

As the reaction to the bankers' objections became apparent, it was seen they did not consider the report of the committee gives them enough security and exposes them to another occupation of Germany when and after the present occupation is lifted. Under such a condition, the bankers do not see how they could get their money back. The agreement that the loan should take precedent over the reparations does not materially help the situation they say, because if Germany were occupied, there might be no money whether in the form of loans or reparations of any kind.

Settlement of the difficulty, therefore, means concessions by France and concessions might impair Premier Herriot's position at home.

The second committee on the fiscal unity of Germany wound up its report today with the suggestion that August 15 be set as the date for the beginning of the evacuation of Germany.

LARGEST CIRCULATION IN NODAWAY COUNTY.

ANNOUNCEMENT

To the Democratic Voters: I hereby announce myself for Sheriff of Nodaway County, subject to the Democratic Primary, August 5, 1924.

HARVE ENGLAND.

THE HOMEWARD HOP.

Having surmounted the seemingly impregnable obstacles of towering mountains, parched deserts and water wastes, the American fliers now face perhaps the most gruelling part of their whole round-the-world flight — the home stretch. Nearly 25,000 miles have been covered and approximately 4,000 remain before these intrepid aviators can be crowned with the garlands of victory first given Magellan with the inscribed words: "Thou First Encompassed Me."

The remaining 4,000 miles will place the round-the-world machines to a severe test as, indeed, it will the nerves of the fliers. The lap will be the longest over-water in the entire flight. To some extent, however, the risk will be reduced through the stationing of naval ships along the route, ready at the first indication of trouble to assist the men.

With victory so nearly within their grasp, any mechanical considerations now stand in the way of a speedy consummation of victory. The rest in England has restored the strength of the aviators, and the human equasion may be considered at a minimum. All America is watching tensely the homeward stretch of one of the most heroic endeavors ever attempted by man.

CORNER ON EGGS.

Chicago warehouses are stocked with 1,500,000 cases of eggs. Despite this fact a pool is at work in that city which is endeavoring to boost the price of eggs to the consumer to forty cents a dozen.

To combat this condition the City Council High Cost of Living Committee is considering the inauguration of a consumers' strike which will have for its slogan "Eat No Eggs." In this way, it is pointed out, the demand will be reduced and lessened demand naturally spells a drop in prices.

The city committee insists that this is a sounder way of getting at the evil than to take recourse to legislation. This is doubtful. In general it is unwise to seek the aid of legislation with regard to economic law but in this case all that need be sought from the courts is legal aid to permit the free working of the economic law of supply and demand. The Chicago pool is restricting the working of natural economic laws. When that artifical restriction is removed economic law will take care of the price of eggs in Chicago.

REVOLVER PRODUCTION.

The International Association of Police Chiefs, meeting in Montreal has gone on record as unanimously favoring the restriction of manufacture and distribution of revolvers. The association is divided as to the best means to accomplish this end, some of the members favoring federal legislation prohibiting the manufacture of revolvers for general sale and others urging that the distribution be more closely supervised. A committee on revolver legislation has been appointed which will draw up a bill designed to cover the situation.

Whatever method this committee decides upon as best suited to meet existing conditions the association is in agreement with public sentiment in its attitude on the main questions. There are altogether too many revolvers obtainable and it is all too easy for the private citizen to purchase them. Any scheme which will make it difficult for the private citizen to purchase a revolver without the strictest supervision is well worth general support.

A MEXICAN REFORM.

In an effort to prevent the rebellions which have marked its political history for years past the government of Mexico has announced a policy of shifting its military commanders about in order that no general may come to regard himself as the despot of the territory under his control.

This new Mexican policy is sure to have salutary results. The great majority of the insurrections which have plagued the Central American republic in the past have been led by dissatisfied generals who have held their posts over long periods of time and have built up a political machine which has made their later effort to secure control of the government possible. Shifting them about from one post to another is sure to result in compelling them to devote themselves to the task of administering the military duties devolving upon them and should eventually deny them the time necessary to fostering rebellion against existing authority.

THE NATION INSURES GENEROUSLY.

The number of life insurance policies issued by the forty leading American insurance companies continues to increase. Policies totaling $4,177,758,988 were issued in the first six months of the year, an increase of 6.5 per cent over the preceding six month period.

Americans, even with their propensity for dodging in and out of traffic, heating express trains to crossings and fooling the life guards evidently like to make sure that, even if they lose, the survivors will be taken care of. A nation whose citizens believe in insurance is less apt to find an army of poverty stricken on its hands than the nation whose citizens, with an eye to the future, have learned the wisdom of insuring against destiny.

MEN AND WOMEN IN NEWS OF THE DAY.

Above: MOLLA B. MALLORY & HELEN WILLS
Below: POPE PIUS & FRANK B. KELLOGG

Miss Helen Wills, the little California champion, defeated Mrs. Molla Bjurstedt Mallory in the Olympic tennis matches in Paris by decisive scores. Mrs. Mallory used harsh language to the officials because of some of their rulings. Mrs. Mallory, though an American citizen and the wife of a New York shipping magnate, was compelled to represent her native Norway in the Olympics. Frank B. Kellogg, American Ambassador to Great Britain, acted as American representative during the reparations conference in London. Pope Pius will give a medal to the Catholic Women's Diocesan Clubs, to be given to the club evolving the most attractive modest fashions in women's clothing.

Only Third of Voters Choose Party Nominees

Associated Industries of Missouri Sponsors Movement To "Get Out The Vote" In Missouri.

Candidates chosen at previous primary elections have been selected by a minority as only thirty-five per cent of electorate in the past have expressed a preference.

The Associated Industries of Missouri with parent offices in St. Louis, is actively sponsoring a movement to "Get Out the Vote" in Missouri, and has circulated snappy posters urging the voters of Missouri to go to the polls August 5th, and assist in selecting efficient and capable candidates for State, Legislative, Congressional, County and Municipal offices.

In the past the voters have been apathetic in the important duty of balloting at the primaries, according to Elmer Donnell, Managing Director of the Associated Industries of Missouri.

Mr. Donnell states that only about one-third of the men and women voters have participated in primary elections, and statistics show that more than forty per cent of our citizens never vote even at the regular elections.

There is a movement all over the country to encourage the voters to go to the polls and vote at the coming primaries. If this can be accomplished, the largest vote in history will be cast at the general election.

"Our Association," declared Mr. Donnell, "is entirely non-partisan, but we are urging the voters to select the best candidates whose names appear on the Republican and Democratic tickets, August 5th. If this is accomplished the tax payers of Missouri can be assured their interests will be properly cared for regardless of the results next November."

The poster distributed by the Associated Industries of Missouri is attractive, and should be productive of excellent results in getting out the vote.

County Contingent Fund Was Used for Many Purposes in the Year of 1890

The contingent fund of the county was drawn on for many purposes away back in 1890, and furnished the wolf hunters of the county with a little spending money. Looking over the record of the county court in 1890, the first day of the May term, May 5, 1890, the following bills were allowed:

John W. Funderburk	$18.00
J. H. Nash	1.50
Everett Wray	1.50
John Carmichael	1.50
W. H. Morgan	1.50
W. R. Wells	3.00
E. E. Bever	10.50
Peter L. Meyer	13.50
Total	$51.00

A total of $51—for wolf scalps, as in those days the county paid a bounty of $1.50 for each wolf scalp brought in.

Considerable discussion came up the last winter as to whether the County Court should pay a bounty on wolf scalps, but the county clerk said that the state has made no provision.

The members of the county court at the time, May 5, 1890, were:

Robert K. Townsend, presiding judge; Enos Fast and Jacob Shamberger, associate judges; Thomas J. Parle, sheriff; and Miles McNeal, county clerk.

Turning over the leaves of volume eleven of the county court record to the August term, 1891, there is given the assessment for the townships. Among the outstanding features was noticed the high tax levy for township purposes, running from 15 cents to 20 cents on $100 valuation in Polk and Atchison townships. This is three to four times what the tax levy was this year for township purposes. Fred Wright, deputy county clerk, gave the reason for the big decrease at present year from that 34 years ago, is because the valuation was so low in those days.

Misses Isabel Bickett, Enid Fleming and Ruth Churchill returned Monday from Maryville, Mo., where they visited Miss Ella Lee Moulton and Miss Dorotha McClain.—St. Joseph Gazette.

LITTLE STORY FOR TODAY.

A very ugly man was quite perturbed at having an organ grinder sit down beside him on the street car. Walking back to the conductor he asked, "Do you allow monkeys on this car?"

"Just sit here in the back seat," replied the conductor, "and nobody will notice you."

Although it has been many months since the women first started to come into the barber shops, the average barber has not gotten fully adjusted to the new state of affairs. The story is told of a tonsorial artist who, when a girl got in his chair, absently tilted it back and started to lather her.

VAGRANT MUSINGS.

It may be that the bride can't cook but the bridegroom won't care so long as he remains a bridegroom.

It is too bad that too many people consider mother's place about the house to be the kitchen.

Instead of learning to smoke from the bad older boys, the modern youngster learns the habit from his mother.

It too often happens that we try to find a hard solution to an easy problem.

It seems everybody else but the man himself knows when he is a failure.

The man who shuts the door on yesterday stands in line to accomplish more than the fellow who keeps looking back.

This surely would be a fine old world if all the laws on the statute books were obeyed.

Something about furniture store customs---

In this store all price tags on merchandise are marked in plain figures. No "cipher" plan is used.

We would hate to use the "cipher" or "secret code" to indicate our prices, and have a customer ask us why we do not mark our prices in plain figures.

So, when you buy here you SEE the price on the tag, and you can be sure it is the low and the only price. There is only one price here---the REGULAR price---and a discount for cash. You buy just as cheap as your friend or neighbor. You do not pay MORE than does your friend or neighbor.

You can buy SAFELY here!

And, you are welcome to whatever credit terms you may ask for.

Japan To Erect Hospital To Honor U. S. Quake Aid

Washington, July 22.—At a time when bitter anti-American feeling is sweeping Japan, as a result of the Asiatic exclusion act passed by the last Congress, the government of that country is preparing to erect a memorial hospital "to commemorate the sympathy expressed by the American people at the time of the great earthquake."

This announcement was made in Washington by the American Red Cross, following receipt of intelligence through the State Department that the Japanese have decided to use half of the remaining funds raised in the United States to aid earthquake sufferers for the building of a hospital.

About $3,000,000 remains of the $11,000,000 secured by the Red Cross to assist Japanese rehabilitation. The other half of this sum will go to an endowment for the hospital, to be officially known as "Dcai Kinen Byoin Zaidan" (The Foundation of the Mutual Love Memorial Hospital).

Rentaro Mizune, Japanese Minister for Home Affairs, heads the foundation, while Cyrus E. Woods, American Ambassador to Japan, who recently retired, has been selected as honorary president.

Land for the hospital in Tokyo has been donated by the wealthy Yasuda Estate.

In transmitting the terms of the endowment act, the Japanese Minister for Home Affairs expressed his "firm belief" that the hospital "will serve as an enduring reminder to the Japanese people of the prompt and generous relief given by the American people at the time of the great earthquake."

Another tribute to America's aid to Japan, according to the announcement here, took the form of the election of chairman John Barton Payne, of the Red Cross, as a special member of the Japanese Red Cross.

The Japanese have conferred upon Chairman Payne the Order of Merit.

Ambassador Hanihara sent the following message to Judge Payne:

"At the request, made through the Minister of Foreign Affairs, by Shigenobu Hirayama, president of the Red Cross Society of Japan, it is my pleasant duty to inform you that, in recognition of your generous sympathy and valued services for the sufferers of the devastated area at the time of the terrible earthquake last September, the Red Cross Society of Japan has elected you a special member of the society, and the society desires that you will accept the Order of Merit, which is presented to you under the imperial sanction.

"I, therefore, take pleasure in transmitting to you herewith, by the bearer of this note, the said Order of Merit and the medal of the special membership, together with their respective diplomas and a copy of their English translation, which have just reached this Embassy."

In appreciation of the recognition Judge Payne, in his reply said:

"In accepting this distinguished Order of Merit and the election to special membership in the Red Cross Society of Japan, I beg to express, in behalf of the American Red Cross and in my own behalf, a deep sense of gratitude and appreciation. I recognize in receiving this honor that it is given not because of personal service, but as an expression of the sentiment of friendship which the Japanese people and the Japanese Red Cross held toward the American Red Cross, which feeling of friendship for your people and your society is indeed warmly reciprocated by the American Red Cross.

"Will you be good enough to convey to Mr. Hirayama expressions of our deep gratitude and appreciation?"

Daily News Letter

Miami, Okla., July 22—Local Izaak Waltons are now assured of an abundant supply of the finny tribe for future exploits with rod and reel. A shipment of 2000 small mouth bass from the state fish hatcheries has been received by the local park board and placed in Lake Miami.

The fish are now on an average of 3 inches in length and in a year's time will approximate one-half pound in weight.

A shipment of crappie is expected for next month.

Wichita, Kans., July 22.—Wichita wishes to enter the nineteen hundred twenty-fourth annual fish story contest with two aspirants.

Here is the story, which revolves around a dimunitive person of three years of age.

While in Minnesota on a vacation with his parents, the child decided to fish. He procured the necessary wherewithal, with the exception of the bait. While dangling the hook in the water he accidently snagged a small fish on the bare barb. His mother overjoyed at this exhibition, fastened the little fish more firmly on the hook and the young Izaak proceeded to land a big fish. (Note: the size was not mentioned).

That is chapter one; here is chapter two.

The lad's proud father not to be outdone tells this one as one of his childhood experiences.

When a boy, he was a great swimmer. One day while happily employed at this art, he saw a big carp floundering around, trapped by the rocks and sticks. He swam over to the fish and tried to capture him with his hands. The fish slapped him in the face with his tail and he siezed the tail in his teeth on the back slap. In this way he towed the huge carp ashore. It weighed seven pounds and a half.

Next, please. (Credited to the Wichita Bacon).

Independence, Kans., July 22.—The Atlas Portland cement company plant here is closed and will not reopen until August 1. While no reason for the shutdown was given, it is understood the plant was closed for repairs. It has been in operation a year.

A visit to the bathing beach reveals the fact that some girls are born beautiful while others are merely optimistic.

C. M. BUFORD
Ellington, Reynolds County, Missouri
DEMOCRATIC CANDIDATE
for
LIEUTENANT-GOVERNOR
Nominee in 1920.
Primary Election Tuesday,
August 5, 1924.
Your Vote and Influence Will Be Appreciated.

SHOULD BE NOMINATED.

The hat of Carter M. Buford has been thrown into the ring for the lieutenant-governorship and all who know him (and they are everywhere in the state) are anxious to see him nominated. He was the nominee of the democratic party four years ago for this important office and went down in the republican landslide along with thousands of other good democrats. As the defeat was no fault of his, his friends feel that as he made a strenuous campaign for this office once he should be honored this time. Coupled with this claim is the fact that he is particularly fitted for the office, having had twenty-three years' experience in the state senate, a position he filled with not only credit to his district, but to the entire state. He has the ability, honorable character and courage to stand up and face his foe and fight for what he believes to be right. He will have three opponents in the race this time, but they have not been before the public enough to enable the voters to form their acquaintance. We understand that one of his opponents, Mr. Haynes, has represented Saline county in the lower house of representatives and in that way has formed some acquaintances.—The LaBelle Star, June 27.

ADVANCE IN HOGS CONTINUES. CATTLE HOLD FIRM.

Kansas City Stock Yards, July 21.—Hog prices were up another 25 to 35 cents today, the advance taking the market on best classes above $8. for the first time in more than ten months. Compared with a week ago the market is 60 to 75 cents higher. Trade in cattle showed a more active turn, though prices were not quotably higher than late last week. Trade in stockers and feeders developed increased volume. Prices for sheep were higher and for lambs lower.

Today's Receipts.

Receipts today were 18,000 cattle, 10,000 hogs, and 6,000 sheep, compared with 21,000 cattle, 16,000 hogs, and 5,000 sheep a week ago, and 20,650 cattle, 9,375 hogs, and 7,025 sheep a year ago.

Beef Cattle.

Fed cattle in proportion to total arrivals were in moderate supply, and generally plain in quality. They sold readily at strong to slightly higher prices. Most of them brought $7.75 to $9.75. Grass fat cattle were offered freely in mixed quality and sizes, and out of the total run only a few bunches showed even size and smoothness. The run of grass cattle is getting under way, but thus far shipments have not been of especially good quality. Grass fat steers sold at $4.50 to $7.75. Fed cows and heifers were steady but grass fat classes were 10 to 15 cents lower. The calf market remained slow and weak.

Stockers and Feeders.

Inquiry for stockers and feeders was larger than a week ago, but with receipts larger prices showed small changes. Plain and ordinary stock grades predominated.

Hogs.

Hog prices today advanced 25 to 35 cents, the biggest advance scored on any day this year, and the general market reached the highest level in many months past. Indications are that there will be a further gain this week. The top price today was $8.25 and bulk of sales $8 to $8.15. Packing sows sold at $7.25 to $7.40, and stock hogs and pigs at $5.75 to $6.25. Compared with a week ago prices are 60 to 75 cents higher.

Sheep and Lambs.

Declines elsewhere forced lamb prices here down 25 to 50 cents. Colorado lambs sold at $14 to $14.35, and native lambs $13 to $13.50. Sheep were in limited supply. A few western ewes sold at $6.50 to $6.75.

Horses and Mules.

Trade in horses and mules remains quiet and at about mid-summer proportions.

S.S.S. keeps away Pimples

THERE are thousands of women who wonder why their complexions do not improve in spite of all the face treatments they use. They should not continue to wonder. Eruptions come from blood impurities and a lack of rich blood-cells. S.S.S. is acknowledged to be one of the most powerful, rapid and effective blood cleansers known. S.S.S. builds new blood-cells. This is why S. S. S. routs out of your system the impurities which cause boils, pimples, blackheads, acne, blotches, eczema, tetter, rash. S. S. S. is a remarkable flesh-builder. That's why underweight people can quickly build up their lost flesh, get back their normal weight, pink, plump cheeks, bright eyes, and "pep."

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

PAVING RESOLUTION NUMBER A 12.

A resolution providing for grading, paving, curbing, guttering and otherwise improving Market street in the City of Maryville, Missouri, from a point 21 feet south of the center line of Second street, south to a point 12 feet north of the center line First street in said city.

Be it resolved by the Council of the City of Maryville, Missouri, as follows:

That the Council of the City of Maryville, Missouri, hereby find and declare that they deem it necessary so to do, hereby order, direct and require that Market street a public street in said city, from a point thereon 21 feet south of the center line of Second street, south to a point 12 feet north of the center line of First street in said city, be graded, paved, curbed, guttered and improved as hereinafter provided.

The roadway of said street shall be graded to the width required to construct and install the paving and curbing as hereinafter set forth and described by the excavation and filling of dirt where required to bring the surface of such street to the grade necessary so that when the paving and curbing hereinafter mentioned shall be installed on said street on such grade, the surface of said pavement when completed will be on the grade established for said street by ordinance number 975 of said City of Maryville, Missouri, duly passed and approved on the 27th day of June, 1924, and as shown by the profile thereof hereto attached and made a part of this resolution.

The center line of said street to be improved to be the center line of said grading, paving, curbing, guttering and improvement, and said paving, curbing, guttering and improvement to be of the width of 24 feet and 10 inches or 12 feet and 5 inches on each side of the center line of said street to be improved, measured from outside of curb to outside of curb across the roadway of said street.

The paving and curbing herein provided for shall be of concrete and composed of one part of Portland cement, two parts of sand and three and one-half parts of crushed stone, properly mixed and installed so as to make good and proper concrete. The concrete paving to be 24 feet in width and 7 inches thick, and to be re-inforced by 3-4 inch marginal steel bars and 40 pounds of re-inforcing mesh to each 100 square feet of pavement. The pavement to have a deformed joint along the center line and transverse expansion joints at intervals of 30 feet to be filled with a bituminous felt filler and connected with steel dowel pins 4 feet long spaced 3 feet center to center.

The gutters to be constructed by curbing set along and adjacent to each side of the pavement, except across the roadway of cross or intersecting streets and alleys. Such curbing to be five inches in width and sixteen inches deep and to have cut joints every ten feet, the curbing to be so installed that the top of the same will be six inches above the surface of the adjacent pavement thereby making six inch gutters, said curbing to extend outward at both sides of all cross or intersecting streets or alleys, at streets on a curve as made by a radius of fourteen feet and at alleys on a curve as made by a radius of three feet, and to project outward at streets intersected or crossed a distance of 14 feet and at alleys intersected 3 feet.

Be it further resolved that the council of said city finds and hereby declares that it is deemed necessary to grade, pave, gutter and curb the portion of Market street in said city of Maryville between the points thereon as herein before described, which the council finds and declares to be a distance of less than 1200 feet, to wit: a distance of 304 feet in length, and which said grading, paving, curbing and guttering on Market street as before described will, when constructed and installed, connect at the south end with grading, paving, curbing and guttering on First street, in said city and at the north end with the grading, paving, curbing and guttering on Second street in said city, which said, grading, paving, curbing, guttering and improvement on said Market street to so connect with the grading, paving, curbing and guttering on said First street and Second street as aforesaid, the council finds and hereby declares necessary to be had and done.

Be it further resolved that the cost of all the aforesaid paving, curbing, guttering, grading and improvement shall be paid for with special tax bills and a special tax and assessment shall be assessed and levied upon and against all the lots, tracts and parcels of land abutting thereon and liable therefor in proportion to the front foot to pay for the same.

Be it further resolved, that any one desiring so to do may appear before the Council of said city of Maryville at half past 7 o'clock p. m., on the 5th day of August, 1924, at the city hall in the basement of the Carnegie Library building in said city of Maryville, Missouri, and be heard on the question of the necessity of doing the aforesaid work, and making the improvements as hereinbefore set forth in this resolution and any one appearing at the aforesaid time and place will be heard on said proposition. The Council of said city of Maryville after such hearing will either re-affirm the necessity for doing the aforesaid work and constructing the aforesaid improvements or the contrary as the council may then decide. If after such hearing the council should re-affirm the necessity for constructing and aforesaid improvements and of doing the aforesaid work, then the council of said city will cause said improvement to be made, contract therefor and shall levy and assess a special tax and assessment against all the property abutting thereon to pay for same as by law provided.

Be it further resolved that this resolution be published according to law in the Democrat-Forum, a newspaper printed and published daily in said city of Maryville, the same to be published for seven consecutive insertions in said newspaper.

Passed, approved and adopted by the Council of the City of Maryville, Missouri, this 15th day of July, 1924.

W. O. GARRETT, Mayor.

(SEAL) Acting City Clerk.

LITTLE STORY FOR TODAY.

The prosecuting attorney had encountered a rather difficult witness. At length, exasperated, he asked the man if he was acquainted with any of the jury.

"Yes, sir, announced the witness; "more than half of them."

"Are you willing to swear that you know more than half of them?" demanded the lawyer.

"Why, if it comes to that," replied the witness, easily, "I'm willing to swear that I know more than all of them put together."

The man to be envied is the follow who can pick out a good canteloupe.

How many can remember how people thirty years ago bragged about their "machines" just as they do today? But they were sewing machines about which people now know very little.

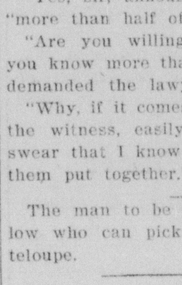
THIS WOMAN'S MARVELLOUS RECOVERY

All Due to Lydia E. Pinkham's Vegetable Compound



Truman, Minn.—"I was badly rundown, had pains in my side and back; sometimes I could hardly move around in bed. My husband got me Lydia E. Pinkham's Vegetable Compound, and after taking it I was so much better I could do all my work again. I do my housework, have a garden, raise chickens, and in harvest time I worked in the field and helped pick corn. Sometimes I do chores and milk. I took the Vegetable Compound before and after my four-months-old baby was born, and it has always helped me wonderfully. I believe there is no better medicine made for women, and I hope every woman will give it a fair trial."—Mrs. AUGUST R. WIEDERHOFT, R. No. 2, Box 84, Truman, Minn.

Women suffering from troubles so common to their sex should give Lydia E. Pinkham's Vegetable Compound a fair trial.

Horseshoe and Tennis Tourneys Nearing Finish

The tennis and horseshoe tournaments which are being held at the College this summer, are in full progress and will all be finished by the first of next week. In the horseshoe tourney the playing has been completed up to the semi-final round. McPike and Jenkins play O. Masters and D. Williams in the upper bracket and Findley and Wallin are matched against Mock and Skelton in the lower bracket. The winners of these two matches meet for the grand championship.

Baker and McGee were eliminated in the tennis doubles by the Glen and Shelby combination. The final score was 6-3 and 9-7. Both teams played cautious and were content with accuracy instead of driving the ball. Glen and Shelby are to play the winners of the Cook-Demotte and Mapel-Webb match for the championship.

In the singles tourney DeMotte defeated Wilson 6-0 yesterday afternoon. Webb advanced to the third round by defeating Peoples 2-6, 7-5, and 6-2. Peoples won his way to the second round by defeating Henning in a 12-10, 14-16, and 18-16 match. All of the first round matches have been completed in this tourney and most of the second round games.

The drawings have not been completed in the mixed doubles tournament but are expected to be made this afternoon.

Corning Is Winner Over Clarinda Sunday

Clarinda lost to Corning Sunday on the Corning links, according to information Forrest Gillam, member of the Maryville tournament committee, received this morning. In order that the Maryville team would be in a tie for first position with the Clarinda team, the Clarinda players would have to lose at Corning or to Villisca. Clarinda has yet to play Villisca at Villisca this coming Sunday. It is the opinion of members of the Maryville Golf team that Villisca will be able to defeat any team in the I.-M. Golf Association on the Villisca links, so Maryville is practically assured of a tie for first position.

The opinion of the local golfers, who comprise the Maryville team playing in the Association tournament, is that the standing of the teams in the league is based on the number of points won, i. e., pars, bogeys and low scores.

Each team plays twelve matches, six at home and six away from home. So far the Maryville team has won six points away from home: Three at Hamburg, one at Red Oak and two at Corning, and has won fifteen points at home, making a total of twenty-one points.

There is also the possibility of defeating Clarinda at the postponed match here August 3.

A conference of local golfers this morning brought out the fact that Red Oak is the most serious contender with Maryville. Red Oak has won six points away from home, and has yet one more match to play, with Shenandoah at Red Oak next Sunday. Clarinda has so far won three points away from home and has two more matches to play, both away from home, with Villisca July 27 and here August 3.

A pretty good estimate is that all the home teams will win all three points in the remaining matches to be played in the Association tournament, which will undoubtedly place Red Oak and Maryville in a tie for first place, and counting that Clarinda will lose both matches played on foreign links, place Clarinda in second place, or at best, a triple tie for first place among Red Oak, Clarinda and Maryville.

Tarkio Beats Saints in Exhibition Game

Tarkio, using Connie Poirier loaned by the St. Joseph Club, defeated the Saints yesterday in an exhibition game at Tarkio by a score of 3 to 2. The Western Leaguers garnered nine hits off of their own pitcher but the hits were scattered. Tarkio bunched its six hits and was able to win by the scant margin of one run.

Motor Races Climax Fair at Bedford, Ia.

Internationally Known Speedway Drivers to Compete in Event—Liberal Purses are Offered.

Internationally known speedway drivers, with the fastest racing machines ever designed and constructed by human hands, will compete in the professional automobile races, which are scheduled to bring the Taylor County Fair at Bedford, Ia., to a climax on Saturday, August 2. When the list of entrants are published in the newspapers a few days before the races speed fans of Maryville and vicinity are certain to see in print the names of some of the fastest and most famous gasoline kings of America.

Sanction for the races has been granted by the International Motor Contest Association, of which organization A. R. Corey, secretary of the Iowa State Fair, is secretary. The I. M. C. A. sanctions practically all dirt track events in the United States and Canada, and has close to 200 tracks and more than 100 drivers on the list.

Liberal purses will be awarded in the regular events but the Bedford fair association has also offered the most noted pilots, such as Johnny Watters of Kansas City, "Speed" Hoffman of Racine, Wis., and Cleo Sarles of Culpepper City, Ia., special bonus money.

It is planned to give a series of long and short distance races and special prize money has been set aside for the times trials. The driver who lowers the county track record, state or world's record will be rewarded with extra cash. This inducement is expected to bring out the keenest kind of competition and local motor fans who attend the speed program are assured thrills aplenty.

Americans Win Eight Firsts at Olympics

U. S. Athletes Have All-Around Championship Won—Make a Clean Sweep of Games.

The United States, by completing its tennis triumps not only made a clean sweep of all of the major branches of the Olympic competition but rolled up a point total which clinches the all-around championship of the games.

The completed tabulation tonight of points for the sixteen events thus far completed shows that America is far in the lead with 95 points, double that of the nearest rival, France, which has 47 points and cannot overhaul the United States even if triumphant in the remaining four sports which are to be completed this week.

France jumped to second place by scoring heavily in tennis, gymnastics, fencing and the modern pentathlon. Great Britain is now third with 38 points and Finland fourth with 34 points. The United States added 10 points under the Olympic scoring system for tennis, and two more for gymnastics, the tabulation tonight reveals.

Championships have been carried off by the United States in eight fields of rivalry including track and field, rowing, swimming, tennis, boxing, catch-as-catch-can wrestling, rugby and target shooting. Norway, with victories in the winter sports and the hunting shooting, is the only other nation to take the Olympic crowns. The other six championships are distributed among France in fencing, Sweden with the modern pentathlon, Finland with Greco-Roman wrestling, Argentina with polo, Uruguay with soccer and Italy with gymnastics.

Altogether twenty-two of the forty-five competing nations gained places in the scoring column with the only remaining contests in yachting, weight, lifting, cycling and the equestrian games.

County Picnic at Swope Park Sunday
